

on the XXVth Anniversary of Polish Hydropower Association

Polish Hydropower Conference

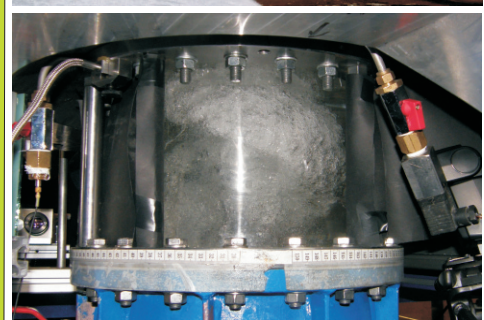

Hydropower status and outlook in Poland and Europe

EXPO XXI Center, Warsaw, October 26-27th, 2017

RENEXPO®

Poland

The Seventh International Fair
for Renewable Energy and Energy Effectiveness

The programme includes:

- Hydropower status, prospects and development trends
- Hydropower and its infrastructure in the economical, social and natural environment
- Non-technical constraints for hydropower development
- Panel debate "Links between hydropower and water management - a key to development of both sectors?"
- Experience in design, erection and operation of hydropower plants and their equipment
- Novel designs of hydropower equipment and hydropower oriented R&D activities
