HYDROFORUM

Polish Hydropower Conferences

The HYDROFORUM Polish Hydropower Conferences continue the PHC RENEXPO Poland conference cycle and the HYDROFORUM series of conferences as organised previously by the Institute of Fluid-Flow Machinery of the Polish Academy of Sciences. The Conferences form a platform for discussion on challenges encountered by the hydropower sector in Poland and other European countries in view of changes in its legal & administrative constraints, but also capabilities resulting from the hydropower potential, available technology and environmental requirements. Our events provide a unique opportunity in the region for exchange of opinions and information on observed trends and prospects for the sector, as well as experience on erection and operation of hydropower installations, new solutions to technical problems and the results of R&D efforts. The debate is attended by representatives of broadly conceived hydropower sector, academic institutions, central and local authorities as well as NGOs. The Conferences are addressed to the representatives of the whole region of Central-Eastern and Northern Europe. The Conference is planned for two days. The debate will be carried out in Polish and English with simultaneous interpretation support. The conference venue is located in the South Eastern Poland in Polanczyk close to the Solina Dam and Hydropower Plant (200 MW) at the foothills of Bieszczady mountain range. Optional tourist programme for October 11th or 12th is under consideration.

The conference package will comprise the annual subscription of *Energetyka Wodna* electronic version, access to the conference presentations and printed abstracts of conference contributions. The authors of selected contributions will be invited to prepare post-conference papers to be published in the peer-viewed journals *Acta Energetica* and *Transactions of the Institute of Fluid-Flow Machinery*. The invitations will be consulted with the Conference Scientific Committee. The papers addressed to a broader circle of readers will be published by the *Energetyka Wodna* quarterly basing on the recommendation issued by the Organising Committee.

Call for papers

Potential authors are invited to submit the completed registration form at the following address:

**The Szevalski Institute of Fluid-Flow Machinery
of the Polish Academy of Sciences**

Hydropower Consulting Bureau

ul. Fiszer 14, 80-231 Gdansk, Poland

e-mail: pkew@imp.gda.pl, steller@imp.gda.pl.

Please register your contribution by **August 30th** at latest. An extended abstract should be prepared according to the enclosed template and submitted by the same date. The decision on contribution acceptance will be taken in the first week of September and the detailed Conference programme will be disseminated immediately afterwards. We cannot guarantee including abstracts submitted after September 15th in printed proceedings.

Conference applications

Participation in the Conference requires registration and payment of the conference fee. You can register to the Conference by sending the completed registration form at the following address: **Biuro Towarzystwa Elektrowni Wodnych, ul. Piaskowa 18, 84-240 Reda, Poland**, phone/fax: +48 58 678 79 51, e-mail: biuro@tew.pl. The completed registration form will be the basis for issuing an invoice for participation in the Conference. The following fees apply (values including VAT, €):

Application date	till 15.09	after 15.09
Basic fee	230	260
TEW/TRMEW members*	200	230
Authors**, chairmen, students	145	170
TEW Reception***	30	30

* Also members of some other hydropower associations

** Only non-commercial contributions.

***Free of charge for TEW National Assembly delegates

The fee shall be paid at the TEW account, according to the invoice received. The conference fee covers participation costs, including the proceedings and the Conference Dinner at the end of the first day. Overnights are not included and should be paid individually at the hotel reception desk. The Organisers reserve themselves the right to apply special discounts and to issue free invitations for Conference guests. For further details and application forms, please consult the TEW Office (☎ +48 58 678 79 51, biuro@tew.pl), TEW Hydropower Consulting Bureau (☎ +48 58 5225 130, 139, pkew@imp.gda.pl) and our websites www.tew.pl, www.trmew.pl, www.imp.gda.pl.

Conference venue and logistics

The conference venue will be **Atrium Hotel** located in Polanzyk, 28 Zdrojowa St. (GPS 49.373532, 22.435721). The Organisers have been offered preferable room prices of 120 and 150 PLN/night for single-bed room and 180 PLN/night for a twin bed one. Due to logistic reasons, please book your hotel rooms using your registration form. Free of charge cancellations will be possible till September 30th. The Farewell Lunch will take place at Solina Inn (*Jędrulowa Chata*) in Solina (GPS 49.400549, 22.445957).

We assume most of the Conference delegates - especially from Poland - to arrive using their own transport means. The delegates declaring their arrival to Rzeszów, Sanok or Zagórz using the public transport, will have an opportunity to use the transport means provided by the Organising Committee. For this purpose please, deliver relevant information at your earliest convenience.

Provisional Framework Programme*

October 9th, 2019	
8:00	Registration of the delegates
9:00	Opening of the Conference Occasional contribution
9:30	Coffee break
10:00	Session I: The status, trends and development prospects for the hydropower sector
11:00	Coffee break
11:30	Session II: Hydropower installations as seen from the water management and electrical power system perspectives

13:00	Session III: Hydropower sector in the legal and economic environment
14:00	Lunch break
15:00	Session IV: Panel debate on the investor/supplier relationship within the hydropower sector
16:30	Coffee break
17:00	Session V: Hydropower oriented research and R&D activities
18:00	Closing of the 1st day debate
19:30	Conference Dinner

October 10th, 2019	
8:30	Session VI: Good practices and experiences in design, erection and operation of hydropower installations – part I
9:30	Coffee break
10:00	Session VII: Good practices and experiences in design, erection and operation of hydropower installations – part II
10:00	Closing of the 2nd date debate
12:00	Technical visit at Solina HPP
14:00	Farewell Lunch

*Session titles and timing are subject to changes depending on the conference contribution proposals.

Sponsorship

The Conference will provide an excellent opportunity for establishing your new contacts and strengthening existing relationships with your partners. Sponsorship of the whole Conference or some Conference events may appear really helpful in this respect. In any case the Conference Organisers will notify the Conference Delegates about your sponsorship in the Conference proceedings and at our websites. Please contact the TEW Office for further details.
